

CURRENT AND PREVIOUS POSITIONS

- 2015-present* Lecturer in Psychology
School of Psychology, University of Birmingham, United Kingdom
- 2012-2014* Staff Researcher
Max Planck Institute for Psycholinguistics, the Netherlands

EDUCATION

- 2012* PhD dissertation "Structuring language: Contributions to the neurocognition of syntax".
PhD in Social Sciences, Radboud University Nijmegen, the Netherlands
- 2008* Master Psychology
Faculty of Psychology and Educational Sciences, University of Leuven, Belgium

AWARDS AND RESEARCH GRANTS

- 2018-2021* Award received from Economic and Social Research Council (ESRC) for research on "The effects of individual differences in bilingual experience on cognitive control networks" (£437,050) (As co-investigator)
- 2016-2017* The Wellcome Trust, Independent Research Award for research on "Language and speaking skill in the elderly and the ameliorating effects of physical fitness" (£16,719) (As principal investigator)
- 2015* The Wellcome Trust, Pump-priming Award for research on "Uncovering the neurobiological infrastructure of syntactic language comprehension using a multi-modal simultaneous EEG-fMRI imaging approach" (£10,371) (As principal investigator)

SUPERVISION OF GRADUATE STUDENTS

- 2017* Supervision to successful PhD completion of Dr. L. Schoot (20.02.2017), Radboud University, Netherlands (main supervisor)
Supervision to successful PhD completion of Dr. E. Heyselaar (02.06.2017), Radboud University, Netherlands (main supervisor)
Supervision to successful PhD completion of Dr. A. Belavina Kuersten (27.06.2017), Universidade Federal de Santa Catarina, Brazil (co-supervisor)
- ongoing Supervision of four PhD students at the University of Birmingham (as main supervisor: K. Shaw, C. Poulisse, S. Hardy; as co-supervisor: K. Suen)
- 2010-present* Supervision of numerous MA and Msc students

TEACHING ACTIVITIES

- 2018* Teaching qualifications obtained: Postgraduate Certificate in Higher Education (PGCHE) - Fellow of the Higher Education Academy (HEA) - University of Birmingham, UK
- 2016-present* Psychology Bsc: Memory and Language, Cognitive Psychology (full lecture series, University of Birmingham, UK)
- 2013* Cognitive Neuroscience Msc: Neurobiology and evolution of language (guest lectures, Radboud University, Netherlands)
- 2010-2013* Linguistics MA: Neurolinguistics (guest lectures, Radboud University, Netherlands)

INSTITUTIONAL RESPONSIBILITIES

- 2012-2015* Initiator and coordinator of an interactive public engagement website with Questions and Answers about language, available on Max Planck Institute for Psycholinguistics (Netherlands) website (www.mpi.nl)

2017-present Member of the Science, Technology, Engineering and Mathematics (STEM) Ethical Review Committee for the University of Birmingham, UK

2017-present University of Birmingham Research Lead for the Language, interaction and social cognition Research Theme (uniting 12 lecturers and professors, plus all their students), University of Birmingham, UK

MEMBERSHIPS OF SCIENTIFIC SOCIETIES

2012-present Member of the Society for Neurobiology of Language

ACADEMIC SERVICE

Peer review for journals: Journals: Brain and Language, Frontiers in Language Sciences, Neuropsychologia, Cognition, Cerebral Cortex, PNAS, Cognitive Neuroscience, Neuroimage, PLoS One, Journal of Memory and Language, European Journal of Neuroscience, Journal of Experimental Psychology: Learning, Memory, and Cognition, Language, Language Learning, Discourse Processes, Lingua

Peer review for conferences: Society for Neurobiology of Language, Organization for Human Brain Mapping, AMLAP

PhD external examiner: Dr. M. Kos (Radboud University) and Dr. A. Veenstra (Max Planck Institute)

Research grants reviewed for: Neurological Foundation of New Zealand, US National Science Foundation

PUBLICATIONS – see also: *katriensegaert.com*

Total number of peer-reviewed publications: 22

Segaert, K., Lucas, S.J.E., Burley, C.V., Segaert, P., Milner, A.E., Ryan, M., Wheeldon, L. (2018) Higher physical fitness levels are associated with less language decline in healthy ageing. Scientific Reports. doi: 10.1038/s41598-018-24972-1

Segaert, K., Mazaheri, A., & Hagoort, P. (2018). Binding language: Structuring sentences through precisely timed oscillatory mechanisms. European Journal of Neuroscience, 1-12. doi:10.1111/ejn.13816.

Segaert, K. Priming effects. (in press) Encyclopedia of Personality and Individual Differences. Zeigler-Hill, V. & Shackelford, T. K. (eds.).

Heyselaar, E., Mazaheri, A., Hagoort, P. & **Segaert, K.** (2018) Changes in alpha activity reveal that social opinion modulates attention allocation during face processing. NeuroImage, 174, 432-440. doi: 10.1016/j.neuroimage.2018.03.034.

Nieuwland M., Politzer-Ahles S., Heyselaar, E., **Segaert, K.**, Darley, E., Kazanina, N., Von Grebmer Zu Wolfsturn, S., Bartolozzi, F., Kogan, V., Ito, A., Mézière, D., Barr, D.J., Rousselet, G., Ferguson, H.J., Busch-Moreno, S., Fu, X., Tuomainen, J., Kulakova, E., Husband, E.M., Donaldson, D.L., Kohút, Z., Rueschemeyer, S.-A., Huettig, F. (2018) Large-scale replication study reveals a limit on probabilistic prediction in language comprehension. eLife 2018;7:e33468. doi: <https://doi.org/10.7554/eLife.33468>

Nieuwland, M., Barr, D., Bartolozzi, F., Busch-Moreno, S., Darley, E., Donaldson, D., Ferguson, H.J., Fu, X., Heyselaar, E., Huettig, F., Husband, E.M., Ito, A., Kazanina, N., Kogan, V., Kohut, Z., Kulakova, E., Meziere, D., Politzer-Ahles, S., Rousselet, G., Rueschemeyer, S.-A., **Segaert, K.**, Tuomainen, J., Von Grebmer Zu Wolfsturn, S. (2018) Dissociable effects of prediction and integration during language comprehension: Evidence from a large-scale study using brain potentials. bioRxiv 267815; doi: <https://doi.org/10.1101/267815> (submitted to Cognition for peer review)

Heyselaar, E. & **Segaert, K.** (2018) Memory encoding of syntactic information involves domain-general attentional resources. Evidence from dual-task studies. bioRxiv 285411; doi: <https://doi.org/10.1101/285411> (submitted to QJEP for peer review)

Poullisse, C., Wheeldon, L., **Segaert, K.** (2018) Evidence against preserved syntactic comprehension in healthy aging. bioRxiv doi: <https://doi.org/10.1101/299883> (submitted to JEP:LMC for peer review)

- Heyselaar, E., Wheeldon, L., & **Segaert, K.** (2017) Structural priming is supported by different components of non-declarative memory: Evidence from priming across the lifespan. bioRxiv 190355; doi: <https://doi.org/10.1101/190355> (submitted to JML for peer review)
- Segaert, K.***, Mazaheri, A.*, Olichney, J., Niu, J.-Q., Yang, J.-C., Shapiro, K., Bowman, H. (2018) EEG oscillations during word processing predict MCI conversion to Alzheimer's disease. *NeuroImage Clinical*, 17, 188-197. <https://doi.org/10.1016/j.nicl.2017.10.009> *Shared first authorship
